

## ODYSSEY EXPRESS 2009

### Command, EMS and Tactical Response Conversions for Sport Utility Vehicles

#### ODYSSEY EXPRESS 2009 CONVERSION INCLUDES ...

**EMERGENCY VEHICLE ELECTRICAL SYSTEM:** Leave the factory alternator and battery in place to retain the full factory warranty and wire emergency lighting and accessories through an ignition operated solenoid and a heavy duty 100 amp circuit breaker. Included is an automatic high idle control to supply power as needed.

**LETTERING & GRAPHICS:** Odyssey Scotchlite stripe and up to 90 Scotchlite letters.

**CONSOLE:** Odyssey state of the art, vehicle specific console and electrical system including a Whelen siren and light controller with illuminated legends and an Odyssey custom "Plug in" harness system with function coded GXL wiring.

**INTERIOR LIGHTING:** Halogen rear hatch lighting to illuminate rear cabinetry when opened.

**CABINETRY:** Choice of any Odyssey Express cabinet system constructed from special MDO grade plywood, laminate, gray marine carpeting, black PVC bumper strip for durability on all exposed edges and HDP unbreakable composite drawer and door faces. Command cabinets include a pull out command board, file drawer, space for SCBA and additional compartments. EMS cabinets include compartments with removable dividers and adjustable shelves. Other Odyssey cabinets can be substituted for additional cost. Drawings are submitted for approval after order is placed.

**FRONT LIGHT BAR:** Whelen Liberty or Freedom 8 LED light bar with alley lights.

**HEADLIGHT FLASHERS:** Alternating headlights.

**GRILLE LIGHTS:** Two LED flashers mounted on the grille.

**STROBES:** One in each parking light and tail light, 4 strobes total.

**REAR HATCH FLASHERS:** LED light strips under the rear hatch.

**SIREN:** Whelen HFSA6 siren and light controller.

**SIREN SPEAKERS:** One 100 watt speaker mounted up front.

**POWER POINTS:** 12-volt DC power outlets included on rear comers & front control console.

**ANTENNA LEADS:** Three antenna bases on the roof wired to front control console. Radio equipment installation is optional and not included.
